	16:40	18:00	<b>Lliboutry full room - Plenary session 2</b>		
	16:40	17:00	WG3 Introduction talk	J. Helmert (DWD)	
	17:00	17:20	WG3 Talk #1 "Snow data assimilation for Numerical Weather Prediction at ECMWF"	P. de Rosnay (ECMWF)	
	17:20	17:40	WG3 Talk #2	XX	
	17:40	18:00	WG3 Talk #3	XX	
	19:30	21:30	<b>COST social dinner (L'Epicurien, 1 Place aux Herbes, Grenoble downtown area)</b>		
<b>Thursday 19/3/2015</b>	09:00	10:30	Lliboutry full room - Joint WG1/WG2 meeting (tasks 1.1 "Identifying and assessing the essential snow variables" and 2.1 "A review of existing space-borne and ground-based sensors/instrumentation applied for measurement of different snow characteristic, estimation of their uncertainties")	Former Library - WG3 meeting	
	10:30	11:00	<b>Cafeteria - Coffee break</b>		
	11:00	12:30	Lliboutry 1 - WG1 meeting, tasks 1.2 "Physical characterization of the essential snow variables" 1.3 "Snow network optimization, data quality control and homogenization", 1.4 "Harmonization of snow observations in terms of the measured variables"	Lliboutry 2 - WG2 meeting, task 2.1 continued (focus on WMO-SPICE Snow on the Ground)	Former Library - WG3 meeting
	12:30	13:30	<b>Cafeteria - Light lunch</b>		
	13:30	15:30	Lliboutry full room - Joint WG1/WG2 meeting (focus on task 2.4 "Methods to measure snow grain size")	Former Library - WG3 meeting	
	15:30	16:00	<b>Cafeteria - Coffee break</b>		
	16:00	18:00	<b>Lliboutry full room - MC meeting</b>		
<b>Friday 20/3/2015</b>	08:00	12:00	<b>Col de Porte site visit, bus pick-up and return at Grenoble main bus station</b>
